

FIRE EXTINGUISHERS SYSTEM FOR HOME KITCHEN IDOMENEUS®

CODE 0139140

MBK19 - IDOMENEUS

Fire Fighting System for Home Kitchen

Home Kitchen Fire Fighting System **IDOMENEUS** Is An Automatic System Of Detection And Suppression, Without Pressure Or Propellant Gases, For Protecting From Oil Fires In Kitchens And Barbecues. This Fire Fighting System Has Been Designed To Be Particularly Suitable For Small Home Kitchens Or For Kitchens Installed In Rv Vehicles/caravan Cars. Since The Fire Fighting Agent Is Also Exceptionally Effective For Class A Fires, This System Can Also Be Used For Other Areas/applications With Risk Of Fire. Home Kitchen System IDOMENEUS Is Installed Above The Area With Fire Risk And Is Located In The Center So That To Cover The Dangerous Zone.

The Extinguishing Agent That Is Used Is Environmental Friendly And Biodegradable. Elegant Design From Stainless Steel Of Idomeneus Design Is Timeless And Upgrades Every Cooking Area And Kitchen.

IDOMENEUS System Impresses With It's Design.
